

ENJOY ONE WEEK IN THE SCOTTISH HIGHLANDS

(Available in 2020)

Glen Mhor Cottage is a warm and friendly family cottage in the highland village of Glenelg, a coastal village overlooking the Isle of Skye. This self-catering cottage is in a wonderful location for many outdoor activities and is next door to the famous Glenelg Inn. The cottage is most suited for 4 adults or a family of 4 or 5. There is a double bedroom, a twin bedroom and a single room. There is one combined bathroom with a bath, shower and toilet.

The area is one of outstanding beauty and the views of Skye can literally change minute by minute with sunsets being particularly memorable. The Glenelg shop is just across the way from the cottage and stocks groceries, drinks and papers and where a warm welcome is guaranteed.
