Carrying Food on Shabbat Policy  
at Germantown Jewish Centre  
January 2019

Food for one prayer community

Although it is preferred that appropriate food for kiddushes and potlucks (subject to GJC’s Kashrut Policy) be brought to the building before Shabbat, it is permissible to bring such food either before Shabbat or during Shabbat, subject to the policy of the prayer community involved.

Details below for specific prayer communities are examples of what has been done in the past; please consult the leaders of each prayer community for details on current policy.
