

# PHILADELPHIA MUSEUM OF ART TOUR

Renowned painter, Stuart Shils, is thrilled to lead a **two hour tour on a Sunday for up to 6 people** where he would like to “open your eyes and reframe the museum not as an archival cemetery but as a living visual playground.” He will shape the tour through his eyes as a painter with a story according to your interests or curiosities as he connects past and present. Stuart is also happy to plan an interesting tour on his own for you.

**Also included is admission for all guests in the group (good for 1 year and valid for 2 consecutive days providing access to PMA, Perelman Building, Rodin Museum, Cedar Grove Historic House). (Open from April to December).**
